PROFESSIONAL SUMMARY

Computer Science student at Chandigarh University with skills in JavaScript, HTML/CSS, Python, and web development. I have built real-world web applications including a movie discovery platform and a browser-based code editor. I enjoy solving problems through code and I am looking for an internship where I can learn, contribute, and grow as a developer.

TECHNICAL SKILLS

Languages:	C, C++, Python, JavaScript, Java (Basics)
Frontend:	HTML5, CSS3, Tailwind CSS, React.js
Databases:	MySQL
Tools & Design:	Git, GitHub, Docker, Figma, Adobe Photoshop, VS Code

PROJECTS

CineVerse

2025 – Present

Tech: React.js, JavaScript, Tailwind CSS, REST API

- Built a modern movie and TV streaming discovery platform providing detailed movie information, trailers, and an immersive browsing experience.
- Integrated third-party REST APIs to fetch real-time movie data, ratings, and media content with smooth UI transitions.
- Designed a fully responsive and visually rich interface using Tailwind CSS focused on user engagement and intuitive navigation.

WebCrafter

2025 – Present

Tech: React.js, JavaScript, HTML5, CSS3

- Developed a browser-based online code editor allowing developers to write and live-preview HTML, CSS, and JavaScript directly in the browser without any setup.
- Implemented real-time code execution and preview rendering entirely client-side using JavaScript processing.
- Designed an intuitive split-pane editor interface improving developer workflow and accessibility for beginners learning web development.

EDUCATION

Bachelor of Engineering – Computer Science and Engineering

2024 – Present

Chandigarh University, Chandigarh, India

Coursework: Data Structures, Algorithms, Web Development, Python, IoT Systems

Senior Secondary (Class 12) & Secondary (Class 10)

2021 – 2024

Hardayal Public School, Haryana

Class 12: 60% • Class 10: 60.8%

CERTIFICATIONS

- Introduction to HTML5 – University of Michigan (Coursera), 2024
- Introduction to CSS3 – University of Michigan (Coursera), 2024
- JavaScript Basics – University of California, Davis (Coursera), 2024
- Python for Everybody – University of Michigan (Coursera), 2024
- IoT Fundamentals: Connecting Things – Cisco Networking Academy (Coursera), 2025
- Data Analysis with Python – IBM (Coursera), 2025
- Foundations of Data Science – Google (Coursera), 2025
- Object Oriented Programming in Java – Duke University (Coursera), 2025
- Problem Solving (Basic) – HackerRank, 2025
- JavaScript (Basic) Certificate – HackerRank, 2025
- Time Management Fundamentals – LinkedIn Learning, 2024
- Communication Foundations – LinkedIn Learning, 2024
